RuralCONNECT set to improve the lives of families in north-western NSW

Contact and the Royal Flying Doctor Service South Eastern Section (RFDSSE) are pleased to announce the new RuralCONNECT project, a collaborative project created to better support families with young children living in rural and remote parts of north-western NSW.

We are hoping to engage with families with young children in the region to find out about how we can better support their needs.

**Rural
CONNECT**

Communities based in these parts of NSW are often isolated and affected by the ongoing drought. The new RuralCONNECT program will offer a range of information and support for families with children aged between 0 and 12 years of age. The program will also offer support services and

family fun days to these areas previously serviced by Paroo Contact Children's Mobile (PCCM).

Findings from the RuralCONNECT project will be used by both Contact and RFDSSE to develop and explore ways to fill regional service gaps and support the potential reinstatement of PCCM.

If you would like to know more, or join in RuralCONNECT activities, please contact Project Officer Helen Ponder on 02 68 747431 or by email at helen@contactinc.com.au

Information gathered by RuralCONNECT will remain strictly confidential and will only be accessed by Contact and RFDSSE staff.
